

Suomen Massaspektrometrian Seura
Finnish Mass Spectrometry Society

FMSS Fall Meeting and visits to Viikki laboratories, 25.10.2023

Viikki Campus of the University of Helsinki, Biocentre 2, Viikinkaari 5

- 12.00-12.15 Welcome Words, Elina Kalenius
- 12.15-12.30 Organizing for laboratory tours
- 12.30-13.30 Laboratory Tours at Viikki laboratories
- 13.30-14.00 Coffees
- 14.00-14.30 *Sensitive and robust high-throughput workflow for qualitative and quantitative single-cell/single cell like analysis*
Bernard Delanghe, ThermoFischer Scientific
- 14.30-14.50 *MS in the Faculty of Pharmacy - (single cell) proteomics and metabolomics*
Jaakko Teppo, University of Helsinki
- 14.50-15.10 *Viikki Metabolomics Unit – past, present & future*
Nina Sipari, University of Helsinki
- 15.10-15.40 Break
- 15.40-16.10 *Single cell proteome analysis with ultra-high sensitivity using a timsTOF mass spectrometer*
Lars Kristensen, Bruker Nordics, Denmark
- 16.10-16.30 *Helsinki University Lipidomics unit - from membranes to signalling*
Minna Holopainen, University of Helsinki
- 16.30-16.50 *Mass spectrometry-based proteomics*
Markku Varjosalo, University of Helsinki
- 17.00-17.30 FMSS Fall Meeting
